A history of the Habsburg Empire 1526 1918 Amazon de B cher

It gave me a good feeling for continental diplomatic history, a subject many americans dont know having focussed on the american revolution. I found it to be scholastically refined. It can be considered a good source for the origins and causes of WWI (and consequently the current yugoslav question). Criticisms might include a Hegelian like grammatical structure, as well as a lack of introduction to terms; there is no front porch on this book. There are also a number of misprints.

Amazon com A History of the Habsburg Empire 1526 1918

Few know that the Habsburg's started out as the Holy Roman Empire and after such a long time

ended with WWI. After that war, the Empire was split into Hungary, Austria and Czechoslovakia. But I think people should read this book as it covers a vast amount of history. And not only the history but the governmental, artistic and philosophical aspects of this Empire. Its disappearance should not stop people from learning many things that touch their lives today.

Habsburg Monarchy Wikipedia

The Habsburg Monarchy (German: Habsburgermonarchie) also Habsburg Empire, Austrian Monarchy or Danube Monarchy is an unofficial umbrella term among historians for the countries and provinces that were ruled by the junior Austrian branch of the House of Habsburg between 1526 and 1780 and then by the successor branch of Habsburg-Lorraine until 1918.
