### **A Simple Guide to IBM SPSS For Version 20 0 by Lee A**

I've used this book (series) when I was an undergrad as a quick reference guide to SPSS processes. It is still useful at the graduate level, if you're not using STATA or R. Ultimately I would recommend this for anyone who is teaching a PSC stats undergrad course, this won't necessarily teach them the equations, but it will teach them to run the operations in SPSS.
