The integration of individual and family therapy ...
It is time to put an end to the separation in training
programs between individual and family therapy.
Competent therapists should be able to think at an
intrapyschic and circular level concurrently.

A key advantage of integrative therapy is its flexibility and
focus on the whole of an individual. The integration of
different approaches means therapy can be tailored to meet
a variety of needs and concerns, making it arguably a more
flexible and inclusive approach to treatment than more
traditional, singular forms of psychotherapy.
