canon law Definition Significance History

Canon law: Canon law, body of laws made within certain Christian churches by lawful ecclesiastical authority for the government both of the whole church and parts thereof and of the behavior and actions of individuals. In a wider sense the term includes precepts of divine law incorporated into the canonical codes.

Medieval Canon Law James A Brundage Google Books

It is impossible to understand how the medieval church functioned -- and in turn influenced and controlled the lay world within its care -- without understanding the development, character and impact of 'canon law', its own distinctive law code. However important, this can seem a daunting subject to non-specialists. They have long needed an

Medieval Canon Law Amsterdam University Press

Canon law is an unavoidable theme for medieval historians. It intersects with every aspect of medieval life and society, and at one point or another, every medievalist works on the law. In this book, Kriston Rennie looks at the early medieval origins and development of canon law through a social history framework, with a view to making sense of
