A better understanding of the challenges ahead is a precondition for public acceptance of the solutions. Greater public involvement in transport planning can be ensured by recourse to participatory instruments, namely open consultations, surveys and stakeholders' representation in decision processes.

I am, on the other hand, not entirely bothered by these government-controlled and -regulated companies the Democrats have used as their own personal monetary playgrounds going under, as it demonstrates the wickedness of the Left and of government involvement in

the economy. The lesson that should be learned here is that the government has failed us all -- again. I doubt, though, that that
